

Supervisor's Role in Safety

Estimated Time to Complete: 25 minutes

Course Description

Supervisors are responsible for the overall safety on a college campus. Staff who serve in a leadership position on a campus have a responsibility for the health and welfare of both staff and students. *SafeColleges' Supervisor's Role in Safety* course examines the supervisor's role in safety planning and explains how to effectively apply best practices to ensure everyone's safety.

Common Themes

- How to Build a Culture of Safety
- Manage Common Workplace Hazards
- Elements of a Safety Management Plan
- Safety Inspections
- Hazard Communications

Training Environments

SafeColleges is ideal for a blended learning environment, complementing in-service or video training, or as a stand-alone training course. The *SafeColleges* approach engages the learner in an e-learning environment; while a Compliance Management System automatically tracks his/her progress through the courses. This assists the campus administrator or training coordinator in demonstrating compliance.
